Assurance Opinion:

Based on the process and procedures conducted, there is no evidence that the water withdrawal assertion shown above:

- is not a fair representation of the water withdrawal data; and,
- has not been prepared in accordance with the CDP Water Disclosure protocol.

It is our opinion that Motorola Solutions has established appropriate systems for the collection, aggregation and analysis of quantitative data for determination of its water withdrawal for the stated period and boundaries.

Statement of independence, impartiality and competence

The Bureau Veritas Group is an independent professional services company that specializes in Quality, Health, Safety, Social and Environmental management with over 185 years history in providing independent assurance services.

No member of the verification team has a business relationship with Motorola Solutions, its Directors or Managers beyond that required of this assignment. We conducted this verification independently and to our knowledge there has been no conflict of interest.

The Bureau Veritas Group has implemented a Code of Ethics across the business to maintain high ethical standards among staff in their day-to-day business activities.

The verification team has extensive experience in conducting assurance over environmental, social, ethical and health and safety information, systems and processes, has over 20 years combined experience in this field and an excellent understanding of The Bureau Veritas Group standard methodology for the verification of environmental data.
