

PROVIDING COMFORT AND CONTROL IN THE MOST STRESSFUL MOMENTS

MCC 7500E AND MERCURY PRO PLUS CONSOLE WORKSTATION

A WORKSTATION SPECIFICALLY FOR MCC 7500E

Developed by Watson Consoles, this dispatch workstation is configured expressly for Motorola Solutions' CommandCentral Hub, the hardware computing platform for the MCC 7500E dispatch console.

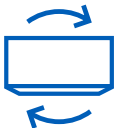

HARDWARE MOUNT CUSTOMIZED FOR THE HUB

Designed for the Hub's specific size and specifications

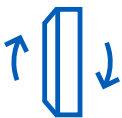

HUB INSTALLED ON MONITOR ARRAY SLAT RAIL

Your IT staff can easily make adjustments and updates

360-DEGREE ACCESS TO THE HUB

Simply rotate the Hub to reach the front, sides and back

15-DEGREE Y-AXIS TILT

The Hub can be tilted forward or backward

FEATURES

Designed to optimize dispatcher performance

HIGH-CAPACITY MONITOR ARRAY

Accommodates touch screens and large-format monitors (up to 55")

HANGING SPEAKERS

Dispatch speakers are mounted onto the monitor-array to reduce clutter.

IN-DASH DATA PORTS

Up to 20 data ports can be installed for Cat6, stereo and USB

WORKSURFACE DEPTH ADJUSTMENT

Dispatchers can control their monitor viewing distance

MODULAR TECH CABINETS

Can be accessed from two sides and includes cable management troughs and an active cooling system

WORKSURFACE AND MONITOR VERTICAL ADJUSTMENT

Raise or lower the entire surface and monitor array with the press of a button (up to standing height of 50.8")

ONE KEYBOARD. ONE MOUSE. ONE PURPOSE-BUILT DISPATCH CONSOLE/WORKSTATION

New technologies must be useful, else they're a waste of space and a waste of time. Help your dispatchers save both with this new dispatch console/workstation from Motorola Solutions and Watson Consoles.

Used together, the MCC 7500E console and the Mercury Pro Plus Console Workstation keep your dispatchers more organized, which reduces their stress and helps them to stay focused on the very important job at hand.
