

APX NEXT ACCESSORIES

PROTECT YOUR **FOCUS** WHEN IT MATTERS MOST

APX NEXT

IN PUBLIC SAFETY, FOCUS IS YOUR GREATEST RESOURCE. MAKE SURE IT'S PROTECTED WITH APX NEXT®.

A MASSIVE ADVANCE IN MISSION-CRITICAL VOICE AND DATA

Your radio is your lifeline. APX NEXT is our next step in advancing it. It's designed to military standards for extreme ruggedness. The touchscreen works with or without gloves—in rain, dirt, and dust. Digital mics and high-power speakers deliver our best audio ever, while SmartConnect keeps you connected even beyond your P25 system. The result is a radio that works when you need it, without pause, distraction or doubt.

EFFORTLESS IS ALWAYS IN REACH

APX NEXT is designed for effortless usability when everything is on the line. Intuitive knobs and buttons are easily distinguished by touch. A mission-critical touchscreen makes it fast and easy to operate your radio. ViQi Voice Control understands a huge range of natural language voice commands, so you can operate the radio with eyes-up awareness. Every interaction is simple, fast and logical. You stay focused on what matters—your mission and your safety.

BRING NEW INTELLIGENCE TO THE POINT OF ENGAGEMENT

APX NEXT mission-critical apps bring new intelligence to the field. And as part of our unique, end-to-end public safety ecosystem, APX NEXT data and operations are secure, and new capabilities can be seamlessly added as your needs evolve.

UPDATE YOUR FLEET IN MINUTES, NOT MONTHS

APX NEXT gives you back time: a cloud-based provisioning system prepares radios before they arrive. Remote updating keeps radios in the field, with zero touch and zero downtime. MyView Portal provides direct access to subscriptions, warranties and licences, and a range of services helps you manage your operation. With APX NEXT, your ownership experience is streamlined, so your valuable resources stay focused and ready.

A close-up photograph of a woman in a light blue uniform, likely a police officer, holding a black Motorola APX Next radio. The radio has a long, black antenna extending upwards. The woman is looking slightly to the right of the camera with a focused expression. The background is blurred, showing what appears to be an outdoor setting with buildings and trees under bright, natural light.

ANTENNAS

DESIGNED FOR
WEARABILITY

ANTENNAS

DESIGNED FOR WEARABILITY

DETAILS

Motorola Solutions' redesigned antennas provide convenience without compromising performance. Shorter and more flexible, these antennas conform to the users' mission critical environments.

- The new UHF stubby antennas deliver great coverage but will not snag clothing or equipment.
- The new Whip All-band Antenna (V,U,7/800MHz) is fabricated using a new polymer that delivers 40% better flexibility.

SPECIFICATIONS

	UHF R1 Stubby	UHF R2 Stubby	All-band
Part Number	AN000369A01	AN000369A02	AN000369A02
Frequency Range	380-470MHz	450-527MHz	V,U,7/800 MHz
Length	9cm	9 cm	7.9 in (200 mm)
Integrated GPS	No	No	No

ANTENNA BANDS¹

Coloured antenna ID bands are available for easy customisation and come in packs of 10.

1. Coloured bands are only compatible with the all-band antenna (not UHF R1 Stubby or UHF R2 Stubby antennas).

- 32012144001 Grey
- 32012144002 Yellow
- 32012144003 Green
- 32012144004 Blue
- 32012144005 Purple

Will the new antennas in APX NEXT (stubby single-band and flexible all-band) work with other APX family radios such as the APX 8000 and APX 6000?

No. The current APX antennas have the GPS hardware embedded. The APX NEXT antennas do not have GPS hardware because the hardware is located in the radio itself. This means that APX NEXT antennas cannot be used with other models of APX radios.

AUDIO

HEAR AND BE HEARD
LIKE NEVER BEFORE

XV RSM

HEAR AND BE HEARD LIKE NEVER BEFORE

DETAILS

The Xtreme Voice (XV) Remote Speaker Microphone is the next generation mission critical RSM designed to deliver the clearest and loudest audio communications. The XV RSM is equipped with our latest technology, including sophisticated noise-reduction techniques, in a sleek, compact package. Instantly access ViQi, your virtual AI assistant, to change radio channels and receive critical information. Create functional short cuts with 3 configurable buttons that are protected against accidental activation. Built as a system, the XV RSM and the APX NEXT radio strengthen the most important thread of your lifeline: ultra-clear voice communications. So no matter where you are or how you speak, you can be confident that, for every message, you'll hear and be heard clearly.

KEY FEATURES

- Loudest, clearest speaker
- Four digital microphones
- Enhanced windporting
- New adaptive noise suppression
- Dedicated ViQi button

EASY ACCESS TO RADIO CONTROLS

State of Emergency

Activate or deactivate emergency mode from your XV RSM.

Full Scale Volume Control

Hold the Up/Down lever in the (+) increment or (-) increment position and your APX NEXT radio will ramp the XV RSM speaker loudness to the highest or lowest available volume setting.

Radio Function Buttons

Configure the one-dot and two-dot buttons to access key radio functionality from your XV RSM.

Will APX accessories work with APX NEXT?

APX NEXT has the same audio accessory port as other APX radios. Some APX accessories, including surveillance kits, are certified and others are not. Batteries and single-unit chargers will be different. APX NEXT utilises Bluetooth® 5.0 and the NFC Bluetooth standard. Therefore, MPP Bluetooth accessories will not be compatible. Please check with your technical sales representative for more details.

Can you use Voice Control or Virtual Partner from an accessory?

The XV RSM is the only accessory with which Voice Control and Virtual Partner are accessible.

CARRY

SECURE, EASY ACCESS

HYBRID LEATHER CARRY CASE

SECURE, EASY ACCESS

DETAILS

The professional elegance of formed leather complemented with a durable, impact resistant plastic unite to provide a never before seen carry solution for APX NEXT. Our hybrid leather carry case simplifies one handed device access without compromising device security so your hands are free and information is within reach. A quick connect belt loop swivel also allows you to easily disconnect and quickly retrieve your radio. A security strap inspired by gun holsters prevents the device from dislodging during operations, improving user confidence.

KEY FEATURES

- Secure retention allows simple one hand device access
- Built-in audio ports enable you to leave your radio in the case for audio applications without degrading device transmit and receive performance
- Accommodates connection of the XV RSM

IMPRES 2 CHARGERS

MAXIMISE POWER, LIFE AND MANAGEMENT

DETAILS

APX NEXT makes use of IMPRES 2 charger technology available in single unit (SUC) and multi unit (MUC) charger configurations. Owners of an APX IMPRES 2 multi unit charger may convert one or more APX pockets with the field-installable APX NEXT pocket.

IMPRES 2 MULTI-UNIT CHARGER

- Charge up to six APX NEXT batteries simultaneously for more efficiency
- IMPRES 2 charging algorithms increase charge cycles up to 60% over non-IMPRES
- Six pocket displays to view enhanced diagnostics
- Disable calibration mode or enable long term storage mode
- Optional wall mount kit NLN7967 available

IMPRES 2 SINGLE-UNIT CHARGER

- Charge your battery by itself or while it's attached to the radio
- Advanced IMPRES 2 charging algorithms
- Ability to disable calibration mode via mode selection switch

APX NEXT POCKET FOR APX MULTI-UNIT CHARGER

- End user field upgradeable
- Create APX NEXT/APX mixed device multi-unit charger
