Previous Changes (V3)

New Language Files
Hebrew (he_IL) has been added to the language pack.

Updates to Language Files
German (de_DE) has been updated to 15.0.
Flemish (nl_BE) has been renamed from *NL* to *nl_BE*.

Previous Changes (V2)

Changes affecting Arabic (AR), Spanish (es_LA, es_ES), Portuguese (pt_BR), French (fr_FR), German (de_DE), Slovakian (SK), Czech (CS), and Flemish (nl_BE)
All dates and times will now appear correctly on VideoManager, taking localisation into account (e.g. January → Januar).

Changes affecting Spanish (es_LA, es_ES)
Activado and *Desactivado* have been changed to *Act.* and *Desact.*, ensuring that the toggle labels are now no longer than the toggles themselves.
