DETECT
GROUP PROTEST APPROACHES HEADQUARTERS
Dangerous crowds gather in the streets near the restricted area of a high voltage transformer located near the corporate headquarters in a large city. Cameras equipped with video analytics monitoring the fenceline sense motion.

ANALYZE
APPEARANCE TRACKED
Situational awareness maintained as group's appearance is tracked across multiple cameras on and around the transformer.

COMMUNICATE
RESOURCES DISPATCHED
Location and appearance of the group is determined and shared across security teams to apprehend intruders and potentially deter violence. Security uses the speaker on the camera to warn intruders they have been detected.

RESPOND
FIRST RESPONSE DISPATCHED
Local police directly informed with video for immediate response and the incident is logged with pre-populated fields and relevant data.
